- OSCE Yearbook 2010**  
Yearbook on the Organization for Security and Co-operation in Europe (OSCE)  
Edited by the Institute for Peace Research and Security Policy at the University of Hamburg / IFSH  
2011, 427 pp., hb., € 69.00, ISBN 978-3-8329-6399-6

The OSCE Yearbook 2010 recognizes Kazakhstan's groundbreaking Chairmanship of the Organization in a special focus section on Central Asia. Topics include Islam in the security discourse of the Central Asian states, legal reform in Central Asia, Kazakhstan's nationalities policy, Kyrgyzstan since the "Tulip Revolution", and relations between the state and Muslim communities in Central Asia.

2010 was also the year of the OSCE's first Summit since 1999, and several contributions deal with the Astana Meeting of Heads of State or Government. Others discuss the Corfu Process, the proposed Treaty on European Security, and related initiatives.

The OSCE States in the spotlight in the 2010 edition are Ukraine and Slovenia. Contributions on conflict prevention and dispute settlement consider how the Corfu Process may affect the OSCE's conflict prevention activities, and look at the situations in Georgia and Crimea.

Topics in the section on the OSCE's three dimensions of security include election observation in longstanding democracies; post-conflict democratization in Bosnia and Herzegovina, Kosovo, and Macedonia; the difficulty of protecting freedom of the media while combating terrorism; the Bolzano/Bozen Recommendations on National Minorities; and energy security.

Further articles introduce the Collective Security Treaty Organization, consider the OSCE's attempts to establish a mediation-support capacity, and assess the OSCE's relations with its Mediterranean Partners for Co-operation.

The OSCE Yearbook addresses students and academics, politicians and journalists, and the interested general public.
